

Bistro Style Metal Stools

cef

www.cefninc.com

Fun. Functional. Flexible.

These stylish metal stools feature a curved back with a vertical slat and a cross brace under the seat for added support and stability. A drain hole in the center of the seat allows water to drain, preventing rust. The lower support brace doubles as a footrest, and plastic floor glides protect your floor by sliding smoothly when moving it. Galvanized steel construction and a powder coat finish ensure durability and easy maintenance. Great for outdoor use too and includes a drain hole in the center of the seat that allows water to drain, preventing rust. Create color and fun in any classroom or office setting with these trendy metal stools!

Must accompany a CEF product. Not sold separately.
